About this PDS

This Product Disclosure Statement (“PDS”) has been prepared and issued by Equity Trustees Limited (“Equity Trustees”, “we” or “Responsible Entity”) and is a summary of the significant information relating to an investment in the Lincoln U.S. Growth Fund Hedged (the “Fund”). It contains a number of references to important information (including a glossary of terms) contained in the Lincoln U.S. Growth Funds Reference Guide (“Reference Guide”), which forms part of this PDS. You should carefully read and consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Fund.

The information provided in this PDS is general information only and does not take account of your personal objectives, financial situation or needs. You should obtain financial and taxation advice tailored to your personal circumstances and consider whether investing in the Fund is appropriate for you in light of those circumstances.

The offer to which this PDS relates is only available to persons receiving this PDS (electronically or otherwise) in Australia.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the Securities Act of 1933 as amended (“US Securities Act”). Equity Trustees may vary this position and offers may be accepted on merit at Equity Trustees’ discretion. The units in the Fund have not been, and will not be, registered under the US Securities Act unless otherwise approved by Equity Trustees and may not be offered or sold in the US to, or for, the account of any US Person (as defined in the Reference Guide) except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws.

The Reference Guide

Throughout the PDS, there are references to additional information contained in the Reference Guide. You can obtain a copy of the PDS and the Reference Guide, free of charge, by calling Lincoln Indicators Pty Ltd on **1300 676 333** or by calling the Responsible Entity.

The information contained in the Reference Guide may change between the day you receive this PDS and the day you acquire the product. You must therefore ensure that you have read the Reference Guide current as at the date of your application.

Updated information

Information in this PDS is subject to change. We will notify you of any changes that have a material adverse impact on you or other significant events that affect the information contained in this PDS. Any information that is not materially adverse information is subject to change from time to time and may be obtained by calling Lincoln Indicators Pty Ltd on 1300 676 333. A paper copy of the updated information will be provided free of charge on request.

1. About Equity Trustees Limited

The Responsible Entity

Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975, a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Fund’s responsible entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees’ responsibilities and obligations as the Fund’s responsible entity are governed by the Fund’s constitution (“Constitution”), the Corporations Act and general trust law. Equity Trustees has appointed Lincoln Indicators Pty Ltd as the investment manager of the Fund. Equity Trustees has appointed a custodian to hold the assets of the Fund. The custodian has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests.

The Investment Manager

Lincoln Indicators Pty Ltd

Lincoln Indicators Pty Ltd (“Lincoln” or “Investment Manager”) is the investment manager of the Fund. Lincoln also separately manages the Lincoln Australian Income Fund and the Lincoln Australian Growth Fund. Lincoln’s unique investment strategy leverages off its core quantitative models to develop portfolios suitable for Australian investors to assist in meeting their equity investment objectives. The funds managed by Lincoln are backed by Lincoln’s academically-developed “Financial Health” methodology as well as Lincoln’s experienced and dedicated team of investment professionals.

Founded in 1984 by esteemed academic and Olympian Dr Merv Lincoln, Lincoln was established as a consultancy business. Dr Lincoln’s son Tim Lincoln, joined the business in 1991 and became Managing Director of Lincoln in 1997. Tim is the Executive Chairman and Chief Investment Officer for the managed fund business. Lincoln have been providing investment management solutions for Australian investors since 2003, and have organically grown their funds under management to over \$700m.

2. How the Lincoln U.S. Growth Fund Hedged works

The Fund is a registered managed investment scheme governed by the Constitution. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Direct investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however, it does not give investors an interest in any particular asset of the Fund.

If you invest in the Fund through an IDPS (as defined in the Reference Guide) you will not become an investor in the Fund. The operator or custodian of the IDPS will be the investor entered in the Fund's register and will be the only person who is able to exercise the rights and receive the benefits of a direct investor. Your investment in the Fund through the IDPS will be governed by the terms of your IDPS. Please direct any queries and requests relating to your investment to your IDPS Operator. Unless otherwise stated, the information in the PDS applies to direct investors.

Applying for units

You can acquire units by completing the Application Form that accompanies this PDS. The minimum initial investment amount for the Fund is AU\$100,000.

Completed Application Forms should be sent along with your identification documents (if applicable) to:

**Link Market Services Limited,
PO Box 3721,
Rhodes NSW 2138**

Please note that cash cannot be accepted.

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Fund's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is 0.25%.

The Application Price will vary as the market value of assets in the Fund rises or falls.

Making additional investments

You can make additional investments in the Fund using the following options: BPAY®, direct credit, direct debit and via cheque. Please refer to the Reference Guide for more information.

If making an additional investment via direct credit, please complete and sign an additional investment form along with your payment to the nominated bank account and mail it to:

**Link Market Services Limited,
PO Box 3721,
Rhodes NSW 2138**
or email lincoln@linkmarketservices.com.au

You can invest on a monthly basis via the Savings Plan for as little as AU\$250 per month (please refer to the Reference Guide for more information). The minimum additional investment into the Fund is AU\$10,000.

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period.

The Fund usually distributes income annually at the end of June, however, Equity Trustees may change the distribution frequency without notice. Distributions are calculated effective the last day of each distribution period and are normally paid to investors as soon as practicable after the distribution calculation date.

Investors in the Fund can indicate a preference to have their distribution:

- reinvested back into the Fund; or
- directly credited to their AUD Australian domiciled bank account.

Investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received immediately prior to the next Business Day after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, the Constitution may allow for an investor's withdrawal proceeds to be taken to include a component of distributable income.

Indirect Investors should review their IDPS Guide for information on how and when they receive any income distribution.

Access to your money

Investors in the Fund can generally withdraw their investment by completing a written request to withdraw from the Fund and mailing it to:

**Link Market Services Limited,
PO Box 3721,
Rhodes NSW 2138**
or email lincoln@linkmarketservices.com.au

The minimum withdrawal amount is AU\$10,000. Once we receive and accept your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow an investor to access their investment within 7 days of acceptance of a withdrawal request by transferring the withdrawal proceeds to such investor's nominated bank account. However, Equity Trustees is allowed to reject withdrawal requests, and also to make payment up to 21 days after acceptance of a request (which may be extended in certain circumstances) as outlined in the Constitution and Reference Guide.

We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion.

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.25%.

The Withdrawal Price will vary as the market value of assets in the Fund rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in the Fund falls below \$50,000 as a result of processing your withdrawal request. In certain circumstances, for example, when there is a freeze on withdrawals, where accepting a withdrawal is not in the best interests of investors in the Fund including due to one or more circumstances outside its control or where the Fund is not liquid (as defined in the Corporations Act), Equity Trustees can deny or suspend a withdrawal request and you may not be able to withdraw your funds in the usual processing times or at all. When the Fund is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator and the terms of the IDPS.

Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

Additional information

If and when the Fund has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Fund will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Fund may be obtained from ASIC through ASIC's website.

3. Benefits of investing in the Lincoln U.S. Growth Fund Hedged

International diversification – investing in the Fund will provide Australian investors the agreed opportunity to diversify their equity exposure into the U.S. equity market. The Fund invests in companies forming part of the S&P 500 Total Return Index (USD), which includes many of the world's largest, most successful companies.

Professional investment expertise – investing in the Fund enables investors to take advantage of the team of research and investment professionals at Lincoln. Your investment will be expertly managed by equity specialists who bring a wealth of experience to the investment management process.

Freedom from administrative burden – investing in the Fund helps to free investors from the burden of ongoing paperwork and regular monitoring required when directly investing in share markets. Investors will be provided with consolidated, comprehensive reports on the performance of the Fund.

Fees – the Fund does not charge establishment, contribution or exit fees.

Time efficient – for investors who would like to outsource the work involved in direct investing and still access Lincoln's fundamental "Financial Health" methodology and quantitative investment process.

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Fund. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

The Responsible Entity and the Investment Manager do not guarantee the liquidity of the Fund's investments, repayment of capital or any rate of return or the Fund's investment performance. The value of the Fund's investments will vary. Returns are not guaranteed and you may lose money by investing in the Fund. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Fund is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

Counterparty risk

There is a risk that the Fund may incur a loss arising from the failure of another party to a contract (the counterparty) to meet its obligations. Counterparty risk arises primarily from investments in cash, derivatives and currency transactions. Substantial losses can be incurred if a counterparty fails to deliver on its contractual obligations.

Company specific risk

There may be instances where the value of a company's securities will fall because of company specific factors (for example, where a company's major product is subject to a product recall). The value of a company's securities can also vary because of changes to management, product, distribution or the company's business environment.

Currency risk

Where the Fund's foreign currency exposure is hedged, the hedge may not provide complete protection from adverse currency movements. Currency markets can be extremely volatile and are subject to a range of unpredictable forces.

Derivatives risk

Generally, in the case of derivatives, fluctuations in price will reflect movements in the underlying assets, reference rate or index to which the derivatives relate. The use of derivatives to hedge the risk of movements in an underlying asset, reference rate or index involves 'basis risk', which refers to the possibility that derivatives may not move perfectly in line with the underlying asset, reference rate or index.

As a consequence, derivatives cannot be expected to perfectly hedge the risk of the underlying asset, reference rate or index. Other risks associated with derivatives may include:

- loss of value because of a sudden price move or because of the passage of time;
- potential illiquidity of the derivative;
- the Fund being unable to meet payment obligations as they arise;
- the counterparty to any derivative contract not being able to meet its obligations under the contract; and
- significant volatility in prices.

Fund risk

As with all managed funds, there are risks particular to the Fund, including the possibility it could terminate, fees and expenses could change and the Responsible Entity and/or the Investment Manager may be replaced. There is also a risk that investing in the Fund may give different results than investing directly in the underlying shares. This might occur because of income or capital gains accrued in the Fund and the consequence of redemptions by other investors.

Interest rate risk

Changes in official interest rates can directly and indirectly impact on investment returns. Generally, an increase in interest rates has a contractionary effect on the state of the economy and the valuation of securities. For example, rising interest rates can have a negative impact on a company's value as increased borrowing costs may cause earnings to decline. As a result, the company's share price may fall.

Investment selection risk

The Investment Manager may make poor investment decisions resulting in substandard returns (for example where the Investment Manager invests in a company that significantly underperforms relative to the share market). This risk is mitigated to some extent by the experience of the Investment Manager.

Legal risk

There is a risk that laws, including tax laws or laws affecting registered managed investment schemes, might change or become difficult to enforce. This risk is generally higher in emerging markets (in which the Fund does not invest).

Liquidity risk

There may be times when investments may not be readily realised (for example, in a falling market where some traded securities may become less liquid). However, trading volumes of investments are generally sufficient to satisfy liquidity requirements when necessary.

The Investment Manager attempts to mitigate the liquidity risk factor by ensuring that the Fund has sufficient cash exposure to meet liquidity requirements. Note that neither the Responsible Entity nor the Investment Manager guarantees the liquidity of the Fund's investments.

Market risk

Changes in legal and economic policy, political events, technology failure, economic cycles, investor sentiment and social climate can all directly or indirectly create an environment that may influence (negatively or positively) the value of your investment in the Fund.

Regulatory risk

There is a risk that changes to laws, regulations or accounting standards governing a security (including in the U.S. market) could have an adverse impact on the Fund or on its investments. A change in laws or regulations can increase the costs of operating a business and/or change the competitive landscape.

5. How we invest your money

Warning: Before choosing to invest in the Fund you should consider the likely investment returns, the risks of investing and your investment time frame.

Investment objective

Over the medium to long term, the Fund aims to outperform the return of the S&P 500 Total Return Index (USD).

Benchmark

S&P 500 Total Return Index (USD)

Minimum suggested time frame

5-10 years

Risk level of the Fund

High. There is a risk investors may lose some or all of their investment. Higher risk investments tend to fluctuate in the short term but can produce higher returns than lower risk investments over the long term.

Investor suitability

The Fund is designed to suit investors seeking a medium to long term investment in the U.S. equity market that provides the potential for capital growth with some income.

Investment style and approach

Lincoln's proprietary Financial Health model (as based on Dr Merv Lincoln's research) applies the discriminant analysis of a company's

financial statements to measure its level of insolvency risk. This quantitative assessment is combined into a multi-factor model of various investment styles, forming the basis for Lincoln's stock selection process.

The Fund aims to invest in a portfolio of financially healthy stocks that exhibit strong capital efficiency, high earnings quality and strong cash flow yields relative to their industry group.

The Fund generally invests in large-cap U.S. companies, which the Investment Manager considers to be those companies with market capitalisations within the S&P 500 Total Return Index. The Fund may also invest in mid-cap securities.

The Investment Manager may also employ portfolio optimisation measures to produce favourable risk-adjusted returns.

The Fund intends to substantially hedge the capital component of the US Dollar exposure of the Fund arising from investments back to Australian Dollars.

Asset allocation

The asset allocation target for the Fund is stated in the table below. While the target reflects the intended asset allocation at any time, from time to time prevailing market conditions or liquidity requirements may see the Fund alter its asset allocation.

Security	Minimum Holding	Maximum Holding
U.S Equities	75%	100%
Cash	0%	25%

Derivatives such as futures, options, swaps and forward rate agreements may be used, but these will not be used to gear the Fund's assets.

Changing the investment strategy

The investment strategy and asset allocation parameters may be changed. If a change is to be made, investors in the Fund will be notified in accordance with the Corporations Act.

Labour, environmental, social and ethical considerations

Equity Trustees and Lincoln do not specifically take into account labour standards or environmental, social or ethical considerations for the purposes of selecting, retaining or realising investments. However, where earnings sustainability of the companies that the Fund invests in may be impacted by factors such as poor labour standards or environmental, social or ethical matters, investment holdings will be reviewed in light of those issues and may be removed from the Fund, or the Fund's exposure may be reduced.

Fund performance

Fund performance is available from www.lincolndicators.com.au or by calling Lincoln on 1300 676 333. Please note that due to the historical nature of performance information and the volatility of returns, future returns may differ from past returns.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website

(www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The information in the following template can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see Section 7 of this PDS.

Type of fee or cost	Amount
Fees when your money moves in or out of the Fund	
Establishment fee	Nil
Contribution fee	Nil
Withdrawal fee	Nil
Exit fee	Nil
Management costs	
The fees and costs for managing your investment¹	Management fees: 1.00% p.a. of the NAV of the Fund ² Performance fees: 20% of the amount by which the Fund's performance exceeds the S&P 500 Total Return Index (USD). Any underperformance from a prior period must be recouped before a fee can be taken (we call this the high-watermark) ³

1: All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how management costs are calculated.
2: Management fees can be negotiated. See "Differential fees" below.
3: This represents the performance fees which are payable as an expense of the Fund to the Investment Manager. See "Performance fees" below for more information.

Additional explanation of fees and costs

What do the management costs pay for?

Management costs comprise the additional fees or costs that an investor incurs by investing in the Fund rather than by investing directly in the underlying assets of the Fund. Management costs include management fees and performance fees.

In addition, management costs do not include transactional and operational costs (i.e. costs associated with investing the underlying assets, some of which may be met by Buy/Sell Spreads).

Management fees

The management fees of 1.00% p.a. of the NAV of the Fund are payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Fund. The management fees are accrued daily and paid from the Fund monthly in arrears and reflected in the unit price. As at the date of this PDS, ordinary expenses such as investment management fees, custodian fees (excluding transaction-based fees such as trading or settlement costs incurred by the

custodian), administration and audit fees, and other ordinary expenses of operating the Fund are covered by the management fees at no additional charge to you.

The management fees shown above do not include extraordinary expenses (if they are incurred in future), such as litigation costs and the costs of convening investor meetings.

Performance fees

Performance fees are payable to the Investment Manager where the investment performance of the Fund exceeds the performance of the S&P 500 Total Return Index (USD) ("Benchmark"). The performance fees are 20% of this excess, calculated daily and paid half yearly in arrears from the Fund and calculated based on the beginning NAV of the Fund over the relevant period.

No performance fee is payable until:

- the Net Asset Value of the Fund* as at the end of the relevant performance fee period is greater than the Net Asset Value of the Fund as at the end of the last performance fee period for which a performance fee was paid; and/or
- any accrued underperformance (in dollar terms), as against the Benchmark, from prior periods has been made up.

This is collectively referred to as the High Water Mark.

*Note that the Net Asset Value as at the end of the relevant performance fee period is adjusted for any change in the Net Asset Value as a result of applications, redemptions or distributions since the end of the last performance fee period for which a performance fee was paid.

Based on the current calculation methodology for the performance fee, the Responsible Entity has estimated that the typical ongoing performance fee payable per annum may be \$400 assuming an average account balance of \$100,000 during the year. However, this is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Fund will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Fund will be, but it will be reflected in the management costs for the Fund for the relevant year. Information on current performance fees will be updated from time to time and available at www.eqt.com.au/insto.

Transactional and operational costs

In managing the assets of the Fund, the Fund may incur transactional and operational costs such as brokerage, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold, and the costs of derivatives used for hedging purposes (if applicable). This generally happens when the assets of the Fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Fund.

The Buy/Sell Spread is a reasonable estimate of transaction costs that the Fund will incur when buying or selling assets of the Fund. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Fund and are not separately charged to the investor. The Buy Spread is paid into the Fund as part of an application and the Sell Spread is left in the Fund as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.25% upon entry and 0.25% upon exit. The dollar value of these costs based on an application or a withdrawal of \$100,000 is \$250 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.eqt/insto.com.au or www.lincolndicators.com.au will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion.

Transactional costs which are incurred other than in connection with applications and withdrawals arise through the day-to-day trading of the Fund's assets and are reflected in the Fund's unit price. As these costs are factored into the NAV of the Fund and reflected in the unit price, they are an additional implicit cost to the investor and are not a fee paid to the Responsible Entity. These costs can arise as a result of bid-offer spreads (the difference between an asset's bid/buy price and offer/ask price) being applied to securities traded by the Fund. Liquid securities generally

have a lower bid-offer spread while less liquid assets have a higher bid-offer spread reflecting the compensation taken by market makers in providing liquidity for that asset.

We estimate that the total transaction costs for the Fund over the first full financial year will be 0.60% of the NAV of the Fund, of which 0.25% of these transaction costs is reasonably estimated to be recouped via the Buy/Sell Spread when applications or redemptions take place, resulting in a net transaction cost to the Fund of 0.35% p.a.

However, actual transactional and operational costs for future years may differ.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. Equity Trustees has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Fund and as such these expenses may increase or decrease accordingly. We will generally provide investors with at least 30 days' notice of any proposed change to the management fees. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Expense recoveries may change without notice, for example, when it is necessary to protect the interests of existing members and if permitted by law.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Fund on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor. If the payment of annual fees to IDPS Operators is limited or prohibited by the law, Equity Trustees will ensure the payment of such fees is reduced or ceased.

Differential fees

The Responsible Entity or Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients.

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for this managed investment product can affect your investment over a 1 year period. You should use this table to compare this product with other managed investment products.

Example – Lincoln U.S. Growth Fund Hedged		
Balance of \$100,000 with a contribution of \$5,000 during the year		
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
PLUS		And , for every \$100,000 you have in the Fund you will be charged \$1,200 each year comprising:
Management costs		
Comprising:	1.20% p.a.	
Management fees:	1.00% p.a.	\$1,000
Performance fees:	0.20% p.a.	\$200
EQUALS		
Cost of Fund		If you had an investment of \$100,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of: \$1,200*
		What it costs you will depend on the fees you negotiate.

This example assumes the \$5,000 contribution occurs at the end of the first year, therefore management costs are calculated using the \$100,000 balance only.

* Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

The performance fees stated in this table shows the estimated performance fees for the financial year ended 30 June 2020 as a percentage of the Fund's average NAV. The performance of the Fund, and the performance fees, may be higher or lower or not payable in the future. As a result, the management costs may differ from the figure shown in the table. It is not a forecast of the performance of the Fund or the amount of the performance fees in the future. See also above (next to the heading "Performance fees") our estimated typical ongoing performance fees payable per annum. The actual performance fees for the current financial year and for future financial years may differ. For more information on the performance history of the Fund, visit Equity Trustees' website at www.eqt.com.au/insto. Past performance is not a reliable indicator of future performance.

Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.

ASIC provides a fee calculator on www.moneySMART.gov.au, which you may use to calculate the effects of fees and costs on account balances.

under the "Additional information on fees and costs" section before making a decision. Go to the Reference Guide which is available at www.eqt/insto.com.au or www.lincolnindicators.com.au. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund.

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund to which they become presently entitled or, where the Fund has made a choice to be an Attribution Managed Investment Trust ("AMIT") and the choice is effective for the income year, are attributed to them.

Further Reading

You should read the important information about Taxation under the "Other important information" section before making a decision. Go to the Reference Guide which is available at www.eqt/insto.com.au or www.lincolnindicators.com.au. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

8. How to apply

To invest please complete the Application Form accompanying this PDS, send funds (see details in the Application Form) and your completed Application Form to:

**Link Market Services Limited,
PO Box 3721,
Rhodes NSW 2138**

Online application

Investors can also complete the application process online (please go to www.lincolnindicators.com.au for further instructions). If you choose to apply for units in the Fund online you will be required to register, confirm your acceptance of the terms and conditions and download a copy of this PDS prior to proceeding. Further, in submitting your consent, you acknowledge that LAB Group will be used to perform inter alia electronic identification verification of the personal information submitted in the Online Account Application. You acknowledge that the online application includes the option to complete our AML and KYC requirement online via LAB Group and to submit the application directly using an electronic signature.

Please note that cash cannot be accepted and all applications must be made in Australian dollars.

Who can invest?

Eligible persons (as detailed in the 'About this PDS' section) can invest, however individual investors must be 18 years of age or over.

Investors investing through an IDPS should use the application form provided by their IDPS Operator.

Cooling off period

If you are a Retail Client who has invested directly in the Fund, you may have a right to a 'cooling off' period in relation to your investment in the Fund for 14 days from the earlier of:

- confirmation of the investment being received; and
- the end of the fifth business day after the units are issued.

A Retail Client may exercise this right by notifying Equity Trustees in writing. A Retail Client is entitled to a refund of their investment adjusted for any increase or decrease in the relevant Application Price between the time we process your application and the time we receive the notification from you, as well as any other tax and other reasonable administrative expenses and transaction costs associated with the acquisition and termination of the investment.

The right of a Retail Client to cool off does not apply in certain limited situations, such as if the issue is made under a distribution reinvestment plan, switching facility or represents additional contributions required under an existing agreement. Also, the right to cool off does not apply to you if you choose to exercise your rights or powers as a unit holder in the Fund during the 14 day period. This could include selling part of your investment or switching it to another product.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in the Fund by the IDPS. The right to cool off in relation to the Fund is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of a unit holder in the Fund. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in the Fund on their behalf. The terms and conditions of the IDPS Guide or similar type document will govern an Indirect Investor's investment in relation to the Fund and any rights an Indirect Investor may have in this regard.

Complaints resolution

Equity Trustees has an established complaints handling process and is committed to properly considering and resolving all complaints. If you have a complaint about your investment, please contact us on:

Phone: 1300 133 472

**Post: Equity Trustees Limited
GPO Box 2307, Melbourne VIC 3001**

Email: compliance@eqt.com.au

We will acknowledge receipt of the complaint as soon as possible and in any case within 3 days of receiving the complaint. We will seek to resolve your complaint as soon as practicable but not more than 45 days after receiving the complaint.

If you are not satisfied with our response to your complaint, you may be able to lodge a complaint with the Australian Financial Complaints Authority ("AFCA").

Contact details are:

Online: www.afca.org.au

Phone: 1800 931 678

Email: info@afca.org.au

The external dispute resolution body is established to assist you in resolving your complaint where you have been unable to do so with us. However, it's important that you contact us first.

9. Other important information

Consent

The Investment Manager has given and, as at the date of this PDS, has not withdrawn:

- its written consent to be named in this PDS as the investment manager of the Fund; and
- its written consent to the inclusion of the statements made about it which are specifically attributed to it, in the form and context in which they appear.

The Investment Manager has not otherwise been involved in the preparation of this PDS or caused or otherwise authorised the issue of this PDS. None of the Investment Manager nor their employees or officers accept any responsibility arising in any way for errors or omissions, other than those statements for which they have provided their written consent to Equity Trustees for inclusion in this PDS.

In most cases the information that you provide in this form will satisfy the AML/CTF Act, the US Foreign Account Tax Compliance Act ('FATCA') and the Common Reporting Standards ('CRS'). However, in some instances the Responsible Entity may contact you to request further information. It may also be necessary for the Responsible Entity to collect information (including sensitive information) about you from third parties in order to meet its obligations under the AML/CTF Act, FATCA and CRS.

When you complete this Application Form you make the following declarations:

- I/We have received the PDS and made this application in Australia.
- I/We have read the PDS to which this Application Form applies and agree to be bound by the terms and conditions of the PDS and the Constitution of the relevant Fund in which I/we have chosen to invest.
- I/We have considered our personal circumstances and, where appropriate, obtained investment and/or taxation advice.
- I/We hereby declare that I/we are not a US Person as defined in the PDS.
- I/We acknowledge that (if a natural person) I am/we are 18 years of age or over and I am/we are eligible to hold units in the Fund in which I/We have chosen to invest.
- I/We acknowledge and agree that Equity Trustees has outlined in the PDS provided to me/us how and where I/we can obtain a copy of the Equity Trustees Group Privacy Statement.
- I/We consent to the transfer of any of my/our personal information to external third parties including but not limited to fund administrators, fund investment manager(s) and related bodies corporate who are located outside Australia for the purpose of administering the products and services for which I/we have engaged the services of Equity Trustees or its related bodies corporate and to foreign government agencies for reporting purposes (if necessary).
- I/we hereby confirm that the personal information that I/we have provided to Equity Trustees is correct and current in every detail, and should these details change, I/we shall promptly advise Equity Trustees in writing of the change(s).
- I/We agree to provide further information or personal details to the Responsible Entity if required to meet its obligations under anti-money laundering and counter-terrorism legislation, US tax legislation or reporting legislation and acknowledge that processing of my/our application may be delayed and will be processed at the unit price applicable for the Business Day as at which all required information has been received and verified.
- If I/we have provided an email address, I/we consent to receive ongoing investor information including PDS information, confirmations of transactions and additional information as applicable via email.
- I/We acknowledge that Equity Trustees does not guarantee the repayment of capital or the performance of the Fund or any particular rate of return from the Fund.
- I/We acknowledge that an investment in the Fund is not a deposit with or liability of Equity Trustees and is subject to investment risk including possible delays in repayment and loss of income or capital invested.
- I/We acknowledge that Equity Trustees is not responsible for the delays in receipt of monies caused by the postal service or the investor's bank.
- If I/we lodge a fax application request, I/we acknowledge and agree to release, discharge and agree to indemnify Equity Trustees from and against any and all losses, liabilities, actions, proceedings, account claims and demands arising from any fax application.
- If I/we have completed and lodged the relevant sections on authorised representatives, agents and/or financial advisers on the Application Form then I/we agree to release, discharge and indemnify Equity Trustees from and against any and all losses, liabilities, actions, proceedings, account claims and demands arising from Equity Trustees acting on the instructions of my/our authorised representatives, agents and/or financial advisers.
- If this is a joint application, each of us agrees that our investment is held as joint tenants.
- I/We acknowledge and agree that where the Responsible Entity, in its sole discretion, determines that:
 - I/we are ineligible to hold units in a Fund or have provided misleading information in my/our Application Form; or
 - I/we owe any amounts to Equity Trustees, then I/we appoint the Responsible Entity as my/our agent to submit a withdrawal request on my/our behalf in respect of all or part of my/our units, as the case requires, in the Fund.
- **For Wholesale Clients*** - I/We acknowledge that I am/we are a Wholesale Client (as defined in Section 761G of the Corporations Act 2001 (Cth)) and are therefore eligible to hold units in the Fund.

*Terms and conditions for collection of Tax File Numbers (TFN) and Australian Business Numbers (ABN)

Collection of TFN and ABN information is authorised and its use and disclosure strictly regulated by tax laws and the Privacy Act. Investors must only provide an ABN instead of a TFN when the investment is made in the course of their enterprise. You are not obliged to provide either your TFN or ABN, but if you do not provide either or claim an exemption, we are required to deduct tax from your distribution at the highest marginal tax rate plus Medicare levy to meet Australian taxation law requirements.

For more information about the use of TFNs for investments, contact the enquiries section of your local branch of the ATO. Once provided, your TFN will be applied automatically to any future investments in the Fund where formal application procedures are not required (e.g. distribution reinvestments), unless you indicate, at any time, that you do not wish to quote a TFN for a particular investment. **Exempt investors should attach a copy of the certificate of exemption. For super funds or trusts, list only the applicable ABN or TFN for the super fund or trust.**
